**BALLOON TOSS** - Players will have to keep 4 air-filled balloons in the air for 60secs. Time will restart if a balloon drops.

**SPEED ERASER** - Players have a cup and a pencil, and the goal is to bounce as many pencils in the cup in a minute. Pro tip: It's easier to bounce the pencil on the eraser side than the pointy side

**STACK ATTACK** - Players have a minute to stack 36 cups in a pyramid, take them down in a diagonal fashion, and then reverse stack them back to the starting position (stacked all together). If the pyramid tower falls at any point, they must start over. Whoever completes this first wins!

THE  
**QUAD**

Adapted from one of the most popular game shows, this activity is not for the faint of heart! Comes with 3 different challenges, logistics and instruction manual included!

**BABY FOOD TASTE TEST** - Empty a variety of different jars of baby food into individual bowls (make sure you know which is which). Label the bowls with numbers and challenge players to taste every bowl and try and guess what it is. To make it more of a challenge, add some food coloring into the food that might be given away by its color. Make sure to have paper and pencils handy so guests can write their answers on them. Winner is the one that taste and guesses the most correctly. Award 1 point for every correct guess, and 3 additional points to the one that has the most correct guesses.

**LICE PICKERS** - In this game I gave all the players a pair of tweezers and a cup and challenged them to pick as much lice (rice) as they could out of a bowl of cotton wool and place them in their cups for extermination. They are not allowed to pick up the lice with their fingers, they have to use the tweezers. Points were awarded by how many lice the players could collect in one minute

**WORM PIE** - Place ten gummy worms at the bottom of a pie tin (you'll need to make one for every player). Next, fill the pie tin with whip cream. On the start of go all players must place their hands behind their back and retrieve all 10 gummy worms with their mouth. This game is perfect for PICTURES, so make sure you have your camera ready!
